11. The Jurisdiction of the Court is invoked pursuant to **28 U.S.C.A.**

(a) Paragraph (3.). All of the above were acting under color of law.

On Sept. 21 st. 2007 MS. Maria Brownman said, that I would have to participate in the activites of the Cassidy Lafayette Community Center in order to participate in the New York State Fan Program. a program sponsored by and paid for by The United States Department of Agriculture.I had previously told MS. Brownman that it was unconst-
-itutional for anyone to have to sing for their supper.

Councilman, Michael E. McMahon and State Senator, Diane Savino,Whom I had apprised of MS. Brownmans refusal to allow me to participate in the New York State Fan Program were to appear at the Cassidy Lafayette Community Center on the following Monday , Sept.24th. 2007.

A Mr. Walter Coughlin, who wears many hats ,emceed that meeting for Councilman, McMahon and Senator Savino, he is also, according to him The C.E.O. of the Dakota Alcohol treatment program, something or other, that I believe is sponsored by Councilman McMahon and should be found on the same street as Mr. McMahons Office. Mr. Coughlin is also , now The President of the Tenants Association that we must pay four dollars a year to be in. No four dollars, No Vote, and is therefor unconstitutional.

It is my belief that MR. Coughlins Angenda was to keep me from mentioning the Fan Program at the request of Mr. McMahon, MS.Savino and Maria Brownman and they continued the tired repetitious safety drone.So I yelled, If you want safety buy sixteen locks for our doors, four hundred keys, take the keys off the people who do not live here. who hang out in the Community Center and walk in and

out of any of the six buildings day and night. charge these people with possession of burglar tools . All present made like they did not hear that.

I continued by physically pointing out two Fire Doors, one on each side of the Community Center, that are locked from five P.M. till eight A.M. on weekdays and twenty four hours a day on weekends, effectively endangering one hundred and sixty apartment dwellers. I also said that if someone dies, in a fire because of those doors I expect all responsible people who were present ~~at~~ that September 24th, 2007, meeting should be charged with a depraved indifference to human life. Mr. Rodney Armanie, the Borough Administrator acted as if he did not hear what I had said, as did Mr. McMahon, Ms. Savino, MS. Shapiro, Mr. Coughlin and MS. Brownman.

Although it is not up to scale, a hand drawn blueprint of 115-125- and 135 Cassidy Place is attached and marked Exhibit (A). The fact that the floors are made of wood and the walls are nailed to Two by Fours, did not impress any of the above, even as they all know that the Fire Department is here at least twice a month and probably more than that. MS. Brownman's comment later that day was "you cant blame me . Im here in the daytime". I, walk through the Community Center to get the News Papers. The new Manager who would not give me his name, Assaulted me with a clip board about the knees and knuckles, two days in a row, by accident, to show his resentment that I walk through doors that should be opened all of the time. A women named Clare Lamantia, who holds various positions in the tenants association, whos boyfriend, one Jerry Routhfield or Jerry
